Salcey Forest is about 7 miles SE of Northampton. Parking and forest entrance are on Wootton Road, Northamptonshire.

**By Public Transport:** The nearest bus stop is in Hartwell, which is approximately a 20-minute walk from Salcey Forest.

**By Road:** Leave the M1 at junction 15 and take the A45 towards Northampton. Take the slip road marked Wootton and take the 1st exit on the roundabout to cross over the A45. Go straight across the next roundabout, following signs for Quinton. At the next roundabout take the 3rd turning onto Wootton Road. Follow this road through Quinton Village and continue to Salcey. Ignore signs to visitor car park after 800 metres on the left (after the kennels) and continue to the signed event parking on the right 200 m further on.

Event Parking for participants vehicles, including camper vans, is in the “overflow” car park on the opposite side of Wootton Road from the forest. Please do not park in any of the forest-side car parks unless instructed to do so by an event marshall. Parking is not exclusive to the event and must be shared with other users of the forest (For example, there is a Parkrun at Salcey on Saturday mornings).

The normal FE car parking charges apply ([see Salcey Forest website](#)). All-day parking fee is currently £6 (up to 2 hours is £4). Payment can be made via the RingGo App.

**Space is restricted so please car share wherever possible.**

### Starts

Start times for pre-entries will be pre-allocated and displayed on the Fabian4 site in advance of the event, after entries have closed. It is a punching start and the start and finish must be punched even if using a SIAC dibber. Late arrivals at the start will be started as soon as possible, but if you miss your allocated start time you may have a long wait before you can be slotted in. Loose control descriptions will be provided in the start lanes. One SIAC battery check unit will be provided at the start, and another at registration. A Start official will carry out an SI dibber check – this is important to ensure SIAC cards are switched on.
